Subject: Request for Change in Canteen Keeper

Respected Sir,

I request approval to change our college canteen keeper for the 2025-26 academic year.

This decision stems from significant student feedback collected online for the 2024-25 academic year. The feedback consistently highlighted issues with **food quality, hygiene, menu variety, and service**.

Following this, I met with the current canteen keeper,Mr. Patil, on **28/05/2025**. Unfortunately, the discussion did not yield a satisfactory plan to address these persistent concerns.

Given the importance of a high-quality canteen service, I believe it's essential to onboard a new keeper.

Thank you for your prompt consideration.

Subject: Undertaking for Maintaining Hygiene and Cleanliness in College Canteen

Respected Sir,

I, **Vinayak Kapase** operating the canteen services at **JESITMR, Nashik** hereby formally undertake and commit to maintaining the standards of **hygiene and cleanliness** within the college canteen premises, kitchen, storage areas, and surrounding vicinities at all times.
I understand the critical importance of a clean and hygienic environment for the health and well-being of the students, faculty, and staff of **JESITMR, Nashik,** As such, I pledge to adhere strictly to the following protocols and standards:

1. **Food Preparation and Storage:**
   - Ensure all food preparation areas, counters, and equipment are thoroughly cleaned and sanitized before and after each use.
   - Store raw and cooked food items separately and under appropriate temperature conditions to prevent contamination.
   - Use only fresh, high-quality ingredients from reputable suppliers.

2. **Utensils and Crockery:**
   - Thoroughly wash and sanitize all cutlery, crockery, glassware, and serving dishes after every use.
   - Ensure adequate clean water supply for washing and rinsing purposes.

3. **Staff Hygiene:**
   - Ensure all canteen staff maintain excellent personal hygiene, including clean uniforms, hairnets, and regular handwashing.
   - Conduct regular health checks for all staff involved in food handling.

4. **Waste Management:**
   - Organic waste will be responsibly disposed of into the college's dedicated **Vermicompost and Decompose plants.**

Subject: Formal Handover of College Canteen Operations

Dear Sir,

This letter formally confirms the handover of the college canteen operations at Jawahar Education Society's, Institute of Technology, Management and Research, Nashik to your esteemed organization, **Dakshinaayan** for the period **16/06/2025 to 31/05/2026**

We are pleased to entrust you with the responsibility of providing quality food and beverage services to our students, faculty, and staff. We believe your experience and commitment will greatly benefit our college community.

During your tenure, we expect you to uphold the highest standards of **hygiene, food quality, and customer service**: Key areas of focus will include:

- ✓ Maintaining strict cleanliness and sanitation within the canteen premises and kitchen.
- ✓ Ensuring the quality and freshness of all food items served.
- ✓ Offering a diverse menu that caters to various tastes and dietary preferences, with a focus on healthy and nutritious options.
- ✓ Ensuring competitive and fair pricing for all items, keeping in mind the affordability for our students.
- ✓ Adhering to all local food safety regulations and licenses as mandated by the authorities in India.
- ✓ Operating during the agreed-upon hours to adequately serve the college community.

We look forward to a productive and successful partnership. Our Canteen In charge will be available to coordinate with you on any operational matters

Thank you for your commitment to serving our college.

M/s DAKSHINAYAN, represented by **Mr. VINAYAK D. KAPASE (CANTEEN MANAGER)**, having its office/residence at **Flat No. 2, Gopal Niwas, Behind Someshwar Lawns, Suvarnkar Nagar, Nashik West, Nashik- 422 013** hereinafter referred to as the "CANTEEN MANAGER".

Contd...2

WHEREAS, the COLLEGE desires to appoint the CANTEEN MANAGER to operate and manage the canteen facility within the college premises for the benefit of students, staff, and visitors.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties agree as follows:

1. Duration of Agreement

This agreement shall be valid for **one year**, commencing from **16/06/2025** and ending on **31/05/2026**, unless terminated earlier as per the terms of this Agreement.

2. Canteen Premises

The COLLEGE shall provide the canteen premises located **within the College** for the operation of the canteen.

3. Rent and Deposit

- The CANTEEN MANAGER shall pay a monthly rent of ₹ **10,000/-** to the COLLEGE, payable on or before the **10th of every month**.
- A refundable security deposit of ₹ **50,000/-** shall be paid by the CANTEEN MANAGER at the time of signing this agreement. The deposit shall be refunded at the end of the contract period after adjusting for any dues or damages.

4. Menu and Rates

- The menu and prices of items **shall be pre-approved by the COLLEGE.**
- The CANTEEN MANAGER shall not make any changes in the prices or menu without written approval from the COLLEGE authorities.
- The rates shall be reasonable and affordable for students and staff.

5. Hygiene and Cleanliness

- The CANTEEN MANAGER shall maintain **high standards of hygiene and cleanliness** in and around the canteen area.
- All food items must be prepared in hygienic manner using fresh and good-quality ingredients.
- The CANTEEN MANAGER shall ensure the canteen staff are well-groomed and wear clean uniforms.

6. Waste Management

- Proper disposal of waste is the responsibility of the CANTEEN MANAGER.
- Garbage bins must be provided, and waste must be disposed of as per local municipal regulations.

7. Furniture and Equipment

- Any furniture, utensils, or equipment provided by the COLLEGE shall remain its property.

Contd...3

- The CANTEEN MANAGER shall be responsible for the maintenance of such items and shall return them in good condition, subject to normal wear and tear.

8. Breakage and Damages

- Any breakage or damage to college property due to negligence or mishandling by the CANTEEN MANAGER or its staff shall be repaired or compensated by the CANTEEN MANAGER.

9. Staff and Labor Laws

- The CANTEEN MANAGER shall employ adequate staff for smooth operations.
- The staff shall be the employees of the CANTEEN MANAGER, and the COLLEGE shall have no liability in this regard.
- The CANTEEN MANAGER shall comply with all applicable labor laws, including payment of minimum wages, insurance, and statutory benefits.

10. Inspection

- The COLLEGE reserves the **right to inspect the canteen premises and food quality** at any time without prior notice.

11. Termination

This Agreement may be terminated by either party by giving **one month's written notice**. The COLLEGE reserves the right to terminate the agreement without notice for breach of terms, substandard services, or complaints from stakeholders.

12. Indemnity

The CANTEEN MANAGER shall indemnify and hold harmless the COLLEGE against any claims, damages, or liabilities arising from the operation of the canteen.

13. Jurisdiction

This Agreement shall be governed by the laws of the government. Any disputes shall be subject to the jurisdiction of the courts located at Nashik.

14. Access Restrictions

- The CANTEEN shall serve only students, staff, and authorized visitors of the COLLEGE during official college hours.
- **The CANTEEN shall not be opened or operated for outsiders or the general public after college hours under any circumstances.**
- Any violation of this condition will be considered a breach of the agreement and may result in immediate termination.

15. Food Safety and Liability

- The CANTEEN MANAGER shall be solely responsible for ensuring that all food and beverages served are safe for consumption.

Contd...4

- In the event of any incident related to **food poisoning, contamination, or illness caused by** food served at the canteen, the CANTEEN MANAGER **shall be fully responsible**, both legally and financially.
- The CANTEEN MANAGER shall bear all liabilities, including medical expenses, compensation, and any legal actions arising due to such incidents.
- The COLLEGE shall not be held liable for any such occurrences.

16. Staff Insurance

- The CANTEEN MANAGER shall ensure that all staff employed in the canteen are covered under appropriate accident insurance and health insurance policies.
- Proof of such insurance coverage shall be submitted to the COLLEGE at the time of commencement of services and updated as necessary.
- The COLLEGE shall not be liable for any injury, accident, or health-related issue concerning the canteen staff during their employment.

17. Prohibition of Residential Use

- The CANTEEN premises shall not be used for any residential or accommodation purposes by the CANTEEN MANAGER, its staff, or any other individual.
- No one shall be allowed to stay overnight or reside in the canteen area under any circumstances.
- Violation of this condition shall be treated as a serious breach of contract and may lead to immediate termination of the agreement.

18. Complaint Register

- The CANTEEN MANAGER shall maintain a **complaint and suggestion register** at the canteen premises at all times.
- The **register shall be visible** and easily accessible to students, staff, and visitors.
- Any complaints or suggestions recorded shall be reviewed and acted upon promptly.
- The COLLEGE reserves the right to inspect the complaint register periodically and assess the response to issues raised.

19. No Subletting

- The CANTEEN MANAGER **shall not assign, transfer, or sublet the canteen contract** or any part of the premises to any third party.
- The management and operation of the canteen shall be carried out exclusively by the CANTEEN MANAGER as per the terms of this agreement.
- Any attempt to sublet or delegate the responsibilities under this agreement shall be considered a serious breach and may lead to immediate termination of the contract.

Contd...5

Subject: - Permission for conducting One Day Workshop on **"Design of Pipe Rack Structure on PIP Standards"**

Respected Sir,

We are writing this letter to request permission to organize one day workshop for SE, TE and BE Civil Engineering Students of our college.

Details of the proposed workshop are as follows:

- **Topic :** One Day Workshop on **"Design of Pipe Rack Structure on PIP Standards"**
- **Date :** Thursday, 16th January 2025
- **Duration :** 10:00 am to 4:00 pm

We believe that this workshop will greatly benefit our students and faculty members, enhancing their knowledge and skills in pipe rack structure design.

We request your permission to conduct this workshop. We assure that all necessary arrangements will be made to ensure the smooth conduct of the workshop.

Thanking You.

Respected Sir,

Jawahar Education Society's, Institute of Technology, Management and Research, Nashik is providing Bachelor's Degree in Engineering viz. Civil, Mechanical, Electrical, Electronics and Computer, Computer, Information Technology and Artificial Intelligence & Data Science. Hereby, Civil Engineering Department has planned to organize One Day Workshop on **"Design of Pipe Rack Structure on PIP Standards"** for SE, TE and BE Civil Engineering Students.

We would like to invite you as an expert to conduct on **Thursday, 16th January 2025** from **10:00 am to 4:00 pm.**

Thanking You.

Event Report

• **Day and Date**	:-	**Thursday, 16th January 2025** from **10:00 am** to **04:00 pm**
• **Name Event**	:-	One Day Workshop on **"Design of Pipe Rack Structure on PIP Standards"**
• **Organized by**	:-	Department of Civil Engineering, Jawahar Education Society's, Institute of Technology, Management & Research, Nashik.
• **Coordinator**	:-	Mr. S. L. Desale, Assistant Professor, Civil Engineering Department.
• **Invited Guest**	:-	**Mr. Deepak Shelar, DSTI Global, Mumbai.**
• **Participants**	:-	19 (SE, TE and BE Civil Engineering Students)

- **Objective of the Event:-**

A one day workshop on **"Design of Pipe Rack Structure on PIP Standards"** was organized to impart knowledge and skills to students of SE, TE and BE Civil and faculty members of Department of Civil Engineering of Jawahar Education Society's, Institute of Technology, Management & Research, Nashik on the design of pipe rack structures as per Process Industry Practices (PIP) standards. The objective of the workshop was to provide hands-on training and knowledge sharing on the latest design standards and best practices in pipe rack structure design. The speaker, **Mr. Deepak Shelar** is a renowned expert in the field of oil and gas industries.

- **Introduction :-**

Pipe racks are elevated steel or concrete structures designed to support pipes, electrical and instrument cable trays. Sometimes it supports mechanical equipment, vessels, and valve access platforms also. The pipe rack supports all main process lines that connect equipment such as pumps, storage tanks, static vessels, and columns. It also connects

Jawahar Education Society's Institute of Technology, Management and Research, Nashik

various relief and blow down headers. All lines leaving and entering the plant, utility supplying lines such as steam, air, cooling water, inert gas, etc., are routed through a pipeline corridor.

- **Outcome of the Event: -**

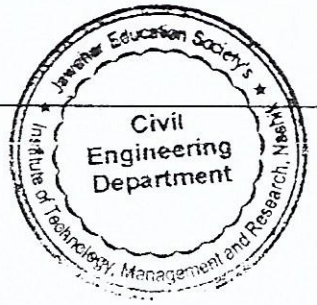

1. **Introduction to PIP standards:** Overview of PIP standards and their application in pipe rack structure design.
2. **Design of pipe rack structures:** Detailed design procedures, including load calculations, structural analysis, and material selection.
3. **Case studies and group discussions:** Real-life case studies and group discussions to reinforce learning and share experiences.

- **The workshop mapping with following PO's:-**

1. **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
2. **Problem Analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

- **Conclusion:**

The one-day workshop on **"Design of Pipe Rack Structure on PIP Standards"** achieved its objective of imparting knowledge and skills to the participants. The workshop's success was evident from the enthusiastic participation and positive feedback received.

Subject: Letter of Appreciation

Dear Sir,

We would like to take this opportunity to express our gratitude and sincere thanks for accepting our invitation for **Workshop On "JavaScript and Nodejs"** and delivering an informative session as a guest speaker for **"Workshop on "JavaScript and Nodejs"" for TE, BE students of Computer and AI&DS Engineering** at JAWAHAR EDUCATION SOCIETY'S, INSTITUTE OF TECHNOLOGY, MANAGEMENT & RESEARCH, NASHIK, from 12th to 14th August 2024.

We are looking forward for the similar support in future.

Report on Hands-On Workshop on JavaScript and Nodejs	
Event Topic	Report on **Hands-On Workshop on JavaScript and Nodejs**
Event Date	12th to 14th August 2024
Event Day	Monday to Wednesday
Event Time	10.00 PM to 4.00 PM
Resource Person Name & Designation	Mr.Deepak Shinde
Agency/Organization of resource person	Code Drift,Nashik
Year of student participated	TE,BE Computer ,AI&DS
Name of staff coordinator	Prof. C.N.Patki
Name of Department who conducted Event	Department of Computer
Summary of Program	Mr.Deeepak, delivered a wonderful session and guided students about Javascript and Nodejs
Objective of Program	To understand Javascript and NodeJs and its working & need **PO5:- Modern Tool -Usage Create, select, and apply appropriate techniques, resources, and modern Engineering and ITtools including prediction and modeling to complex Engineering activities with an understanding of the limitations .** **PSO1 Professional Skills-The ability to understand, analyze and develop computer programs in the areas related to algorithms, system software, multimedia, web design, big data analytics, and networking for efficient design of computer-based systems of varying complexities**
Outcomes of Program	**CO3: Design and analyze real world engineering problems by applying set theory, propositional logic and to construct proofs using mathematical induction**.
