AND

iSTEP
High Achievers' Program

This Memorandum of Understanding (hereinafter referred to as the "MOU") is made and entered on the 17/01/2024 (hereinafter referred to as the "Effective Date") by and between:

Mr. Nikhil Malhotra (Director) of iSTEP Mentors Private Limited, with its registered office at 103, Chiranjiv Tower, 43, Nehru Place, New Delhi 110019 India, (hereinafter referred to as "Party A"); and

Dr. M. V. Bhatkar(Principal) of Jawahar Education Society's Institute of Technology, Management and Research with its registered office at Survey No 48, Gowardhan, Gangapur Road, Nashik - 422 222. Maharashtra, India, (hereinafter referred to as "Party B").

Parties may be referred to individually as "Party" and collectively as "Parties".

Recitals

WHEREAS, Party A is an EdTech Platform engaged in the business of building networking connections among international universities and Indian Institutes of higher education.

WHEREAS, Party A is an official representative of a number of international universities in India.

WHEREAS, Party A has developed a mobile application (hereinafter referred to as the "iSTEP Mentors App" or the "App") that delivers online educational sessions by prominent academics from universities highlighting advancements in research or development in a topic of general interest (hereinafter referred to as the "iSTEP Masterclass" or "Masterclass").

WHEREAS, the main objective of Party A in developing the App is to give Indian students reliable knowledge about a topic of study that would also help them in choosing a career.

WHEREAS, Party B is a recognised college (Jawahar Education Society's Institute of Technology, Management and Research) Affiliated with University of Pune recognised , offering undergraduate/ postgraduate/professional degree programs to their students].

Institute of Technology, Management & Research * Jawahar Education Society's Nashik

WHEREAS, Party A has approached Party B to make the App available to Party B's students to allow them to access the Masterclasses available on the iSTEP Mentors App.

WHEREAS, Party B desires to conduct the Masterclasses for its students by making the App available to its students.

Now, therefore, the Parties agree to the following terms and conditions:

1. Purpose and Objectives: The purpose of this MOU is to outline the terms and conditions under which students studying with Party B [the "Students"] can access a range of Masterclasses available on the iSTEP Mentors App developed by Party A. After the Masterclass, the Students will have the opportunity to attempt an assessment test. Students who successfully complete the assessment will be eligible for a jointly issued digital certificate free of cost.

2. Roles & Responsibilities: To achieve the Purpose and Objectives mutually agreed upon above, the Parties agree to undertake the following:

1.Party A will ensure that a number of Masterclasses from across domains such as science, technology, management and business are available for Students on the iSTEP platform.
2.Party A will ensure that Party B's designated personnel are provided training on the usage, features & functionalities of the App, including how to schedule a Masterclass and how to share the Masterclass link with their Students.
3.Party A will offer technical support for all scheduled Masterclasses as required.
4.Party A will extend invitations to Party B for all upcoming Educator's events being organised in collaboration with international universities.
5.Party B will ensure that its teachers, counsellors and other designated employees will undergo the training organised by Party A & understand the usage of the App.
6.Party B will not charge Students for attending any MasterClasses on the App.
7.Party B will refrain from using logos of the universities for any purpose.
8.Party B will only use the approved posters and marketing material available on the App to promote any Masterclass scheduled by them.

The Parties agree to uphold their Roles and Responsibilities in good faith to the extent possible. The Parties agree to collaborate and communicate on a regular basis to ensure the smooth conduct of the Masterclasses for Students.

3. Scope: Upon signing this MOU, Party B faculty members will gain access to the iSTEP Mentors App, allowing them to schedule and share relevant Masterclasses for their students free of cost, as many times as required. Party B students can attend these Masterclasses and participate in assessments, receiving digital certificates at no charge.

4. Duration: The MOU remains valid for a duration of three years from the signing date. Either party can terminate it with one month's written notice to the other Party, ensuring minimal disruption to registered students for upcoming Masterclasses already scheduled by Party B.

5. Resources: Each Party agrees to assign the required level of human resources to ensure smooth scheduling, planning & conduct of the Masterclasses for Students. Each Party will assign a single point of contact to coordinate with the other Party on matters related to Masterclasses.

6. Amendments: Any changes to the MOU can only be made with the express written consent of both parties. The parties agree to engage in good-faith negotiations before making any changes to the MOU. Any changes as mutually agreed by the parties must be made in writing and signed by both parties to be effective.

7. Confidentiality: The parties agree that without the prior written consent of the other Party, which may be withheld in such Party's sole discretion, neither Party shall disclose any provision of this MOU to any third party (subject to the other terms set forth herein).

Each Party agrees that the terms and conditions of this MOU will be treated as the other Party's Confidential Information and that no reference to the terms and conditions of this Agreement or activities pertaining thereto may be made in any form of a press release or public statement without first consulting with the other Party; provided, however, that each Party may disclose the terms and conditions of this Agreement to law enforcement authorities as may be required by law; or in confidence, in connection with the enforcement of this Agreement or rights under this Agreement to their respective employees.

Party A agrees that any information and data regarding Party B's students that may be uploaded on the App is to be treated as confidential and will not be disclosed to any unrelated third party, except that the information and data regarding Students registering for and attending a Masterclass by a particular University may be shared with that University for their reports, issuance of certificates and other related purposes.

Party B agrees that the iSTEP Mentors App and the Masterclasses available on the App are proprietary and their copyrights rest with the respective owners, which may be Party A or the universities.

8. Dispute Resolution: All disputes arising out of or relating to the provisions of this MOU will be amicably settled and resolved by the Parties through discussions and negotiations. If the parties are unable to reach an amicable settlement to a dispute, they may appoint a mutually acceptable mediator to resolve the dispute. If a dispute is unresolved even after mediation, the parties may decide to terminate the MOU as per the terms outlined in this MOU.

9. Governing Law & Jurisdiction: This MOU will be governed by the laws of India, and courts in Delhi will have full and complete jurisdiction in the matters pertaining to the MOU.

10. Communication: Both parties agree that email will be a convenient and acceptable form of communication while operationalising the matters contained in this MOU. The first point of contact for each Party regarding all such email communications is as follows:

Memorandum of Understanding (MOU)

Institute	*Industry*
Jawahar education Society's Institute of Technology Management & Research, Nashik	**Dimsoln Structures Training institute 303, zest business spaces, 16 M.G Road, Next to Doshi Nursing Home, Near east-west flyover, Ghatkopar east, Mumbai-400077**

Duration of MOU: 13 Feb 2024 to 12 Feb 2025

The Department of Civil Engineering,**Jawahar education Society's Institute of Technology Management & Research, Nashik** and **DSTI GLOBAL, Mumbai** intended to facilitate the process of close Industry Institute Interaction (I-I-I) and actively promoting fresh avenues for the same. This MOU shall strive to enhance interaction with students, faculty and bridge the gap between Academic, Industry and Corporate World. This will have a positive impact on the engineering curriculum, exposure of industrial atmosphere to engineering students and subsequent opportunities in industries across the globe.

Vision: To promote awareness of Oil & Gas structural analysis & design technologies among students of the civil engineering.

Mission: To create an environment to synchronize the skills of students with the needs of industry & provide a formal basis for promoting interaction and guidance for a long-term collaboration.

The Institute Can: -

- Arrange workshop and internship programme to adopt latest industrial technologies.
- Provide representation for or invites representatives from industries.
- Provide testing and certification facilities.

The Industry can:

- Extend help and give constructive suggestions while designing the curriculum.
- Assist faculty while developing skill with specific technology to the students.
- Provide support/guidance for innovative projects of students.
- Give live projects to the students and guide them in professional way.
- Allow students for Internship programme.

- Provide help in students Training activity.
- Provide help in arranging technology workshop/Guest lecture.
- Enrich teaching programmes/technical competitions by giving awards

During its tenancy, the MOU may be extended or terminated by a prior notice of not less than six months by either party. However, termination of the MOU will not in any manner affect the interest of the students who have been admitted to pursue a program under the MOU.

Subject: - Permission for conducting One Day Workshop on **"Design of Pipe Rack Structure on PIP Standards"**

Respected Sir,

We are writing this letter to request permission to organize one day workshop for SE, TE and BE Civil Engineering Students of our college.

Details of the proposed workshop are as follows:

- **Topic :** One Day Workshop on **"Design of Pipe Rack Structure on PIP Standards"**
- **Date :** Thursday, 16th January 2025
- **Duration :** 10:00 am to 4:00 pm

We believe that this workshop will greatly benefit our students and faculty members, enhancing their knowledge and skills in pipe rack structure design.

We request your permission to conduct this workshop. We assure that all necessary arrangements will be made to ensure the smooth conduct of the workshop.

Thanking You.

Event Report

• **Day and Date**	:-	**Thursday, 16th January 2025** from **10:00 am** to **04:00 pm**
• **Name Event**	:-	One Day Workshop on **"Design of Pipe Rack Structure on PIP Standards"**
• **Organized by**	:-	Department of Civil Engineering, Jawahar Education Society's, Institute of Technology, Management & Research, Nashik.
• **Coordinator**	:-	Mr. S. L. Desale, Assistant Professor, Civil Engineering Department.
• **Invited Guest**	:-	**Mr. Deepak Shelar, DSTI Global, Mumbai.**
• **Participants**	:-	19 (SE, TE and BE Civil Engineering Students)

- **Objective of the Event:-**

A one day workshop on **"Design of Pipe Rack Structure on PIP Standards"** was organized to impart knowledge and skills to students of SE, TE and BE Civil and faculty members of Department of Civil Engineering of Jawahar Education Society's, Institute of Technology, Management & Research, Nashik on the design of pipe rack structures as per Process Industry Practices (PIP) standards. The objective of the workshop was to provide hands-on training and knowledge sharing on the latest design standards and best practices in pipe rack structure design. The speaker, **Mr. Deepak Shelar** is a renowned expert in the field of oil and gas industries.

- **Introduction :-**

Pipe racks are elevated steel or concrete structures designed to support pipes, electrical and instrument cable trays. Sometimes it supports mechanical equipment, vessels, and valve access platforms also. The pipe rack supports all main process lines that connect equipment such as pumps, storage tanks, static vessels, and columns. It also connects

Jawahar Education Society's Civil Engineering Department Institute of Technology, Management and Research, Nashik

various relief and blow down headers. All lines leaving and entering the plant, utility supplying lines such as steam, air, cooling water, inert gas, etc., are routed through a pipeline corridor.

- **Outcome of the Event: -**

1. **Introduction to PIP standards:** Overview of PIP standards and their application in pipe rack structure design.
2. **Design of pipe rack structures:** Detailed design procedures, including load calculations, structural analysis, and material selection.
3. **Case studies and group discussions:** Real-life case studies and group discussions to reinforce learning and share experiences.

- **The workshop mapping with following PO's:-**

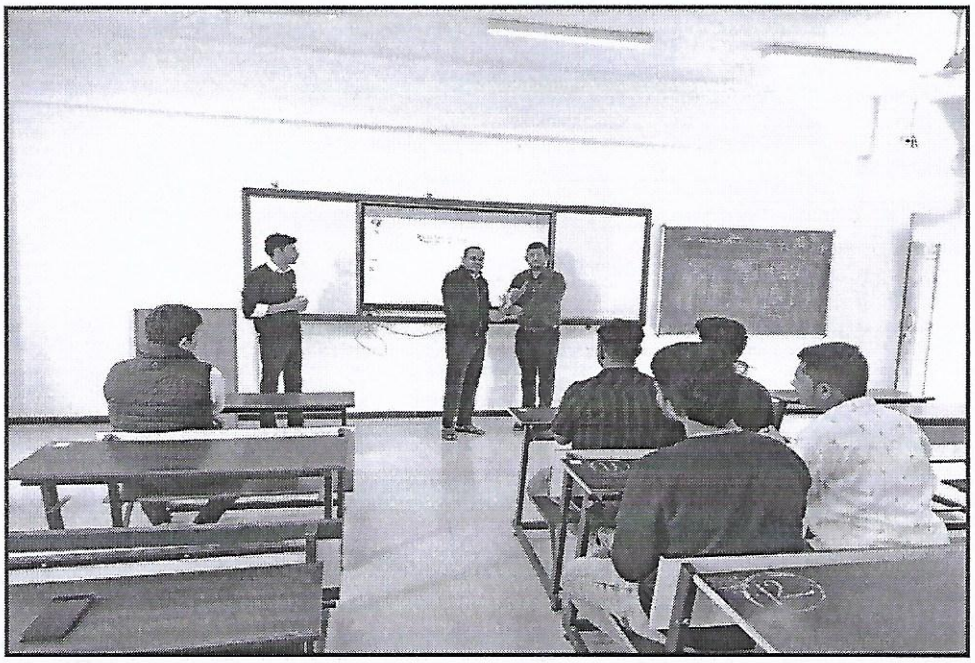

1. **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
2. **Problem Analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

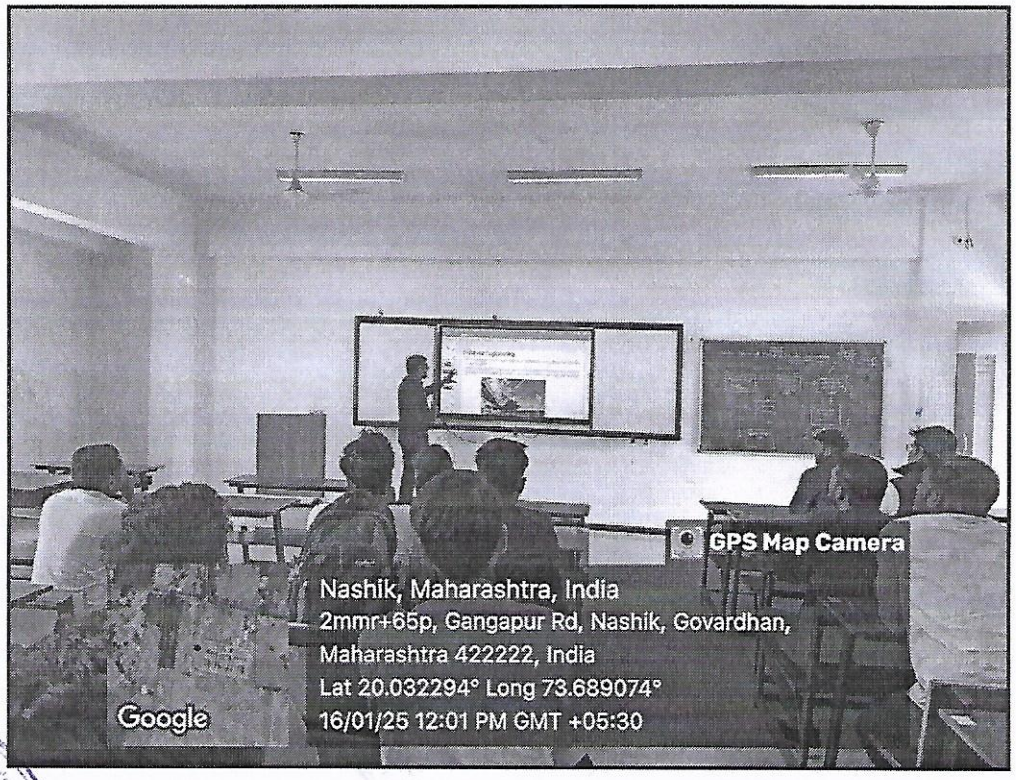

- **Conclusion:**

The one-day workshop on **"Design of Pipe Rack Structure on PIP Standards"** achieved its objective of imparting knowledge and skills to the participants. The workshop's success was evident from the enthusiastic participation and positive feedback received.

GROW HIGH ENGINEERS

This Memorandum of Understanding is executed on 11/09/2024

BETWEEN

Grow High Engineers (hereby referred as **"Skills Partner"**) with its corporate office at Amrutdham, near K.K wagh college, Nashik. Its vision is not just about education; it's about empowering individuals to become innovative, skilled, and forward-thinking contributors to the field of civil engineering. Overall, this collaboration shall aim at making the students self-reliant and ready for their internship & placement. It will also allow them to think of their final year projects on the lines of industry requirements.

Various kinds of trainings and support offered by Grow High Engineers:

a) Online training sessions on High Rise Building Construction.
b) On-site Internship & training in Nashik, Maharashtra.
c) Various workshops on latest methodologies & technologies used by the construction industries.
d) Mentorship for Civil engineering students during their academic years.
e) Consultancy, etc

AND

About Institute:

Jawahar education society's Institute of Technology, Management and Research, Nasik, established in the year 2012 aims at providing quality technical education in Civil, Computer, IT, AIDS, Electrical and Mechanical Engineering streams. Jawahar Education Society established in the year 1970 is part of the renowned Jawahar Group that runs 50 schools, 3 post-graduate colleges, 3 engineering colleges and a medical college with 800 bed hospital in Maharashtra, shaping the lives of more than 20,000 students ever year.

OBJECTIVES:

a) To make the civil engineering students self-reliant & Independent.
b) To develop practical skills through hands on experience & to correlate academic knowledge with industrial requirements.
c) To enhance problem solving abilities by applying engineering principles.
d) To develop excellence by understanding & going through various case studies of construction projects across world.
e) To build the mindset of ethical & social responsibility for the well -being of communities.
f) To develop lifelong learning approach and pursue continuous professional development by staying updated with the latest advancements in civil engineering.
g) To cultivate leadership and teamwork skills.

Following shall be the guidelines of the association that both parties shall follow:

1. Both parties will work together in good faith to make the collaboration reach an effective outcome success and each party agrees that, except in the eventuality of gross negligence or flouting of norms by the participant or its representatives/staff, neither will be liable to the other for any kind of eventuality or losses that are caused due to or associated with holding such kind of events.

2. **GENERAL DELIVERABLES FROM THE SKILLS PARTNER:**

i. Guest sessions & workshops (2 to 3 per academic year) on topics of interest for the students and faculty of the institute in the areas of expertise of the "Skills Partner".

ii. Career counselling or making students aware about latest career opportunities available in civil engineering.

iii. Industrial site visits (2 to 3 per academic year) for the students and faculty of the institute at network construction sites of the "Skills Partner".

iv. Opportunity for students to be a part of GHE Community, where they will be getting an industrial and career guidance from experts in every month.

v. Above 4 points comes under the complimentary deliverables from the skills partner.

vi. The courses and trainings offered from skilling institute:
   a) Online/ Onsite Internship program having duration of 1 month to 4 months.
   b) Online/ offline workshops of 4/8 hours on specific topics, like Estimation, Alu-formwork, MEP services, STP, soft skills etc.
   c) Dedicated Onsite internship & training batch of 1 to 4 months having well-defined syllabus & placement assistance

d) Value added courses that can be offered during academic years.

vii. For point no (vi), Specific fee structures will be decided for such workshops and training programs. Above courses shall be optional for the students to enrol.

viii. The Institute may use reference to this MoU, name-logo of the Skills partner and media (photographs/videos) from the training programs for its publicity material till this MoU is in force.

3. GENERAL DELIVERABLES FROM THE INSTITUE:

i. The Institute shall encourage and support its students for participating in various workshops and training programs held by the Skills Partner.

ii. The Institute shall ensure availability of suitable venue and basic infrastructure requirements for the conduction of training programs, workshops at their location like: well-equipped labs with basic equipment and testing facilities; classroom with projector and screen;

iii. The Skills partner may use reference to this MoU, name-logo of the Institute and media (photographs/videos) from the training programs for its publicity material till this MoU is in force.

iv. The Institute shall appoint a Single Point of Contact (SPOC) or an Internship Coordinator who shall co-ordinate to organise the guest sessions, workshop & training program.

4. OBLIGATION:

i. There shall be no obligation on any party to compensate the other in any manner or to make any claim.

ii. Each party shall respect the other party's intellectual property (I.P.)

Subject: Invitation for an Expert Talk on "Cyber Security"

Dear Sir,

We are pleased to invite you to deliver an expert talk on "**Cyber Security**" under the MoU of Cyber Sanskar for the students of Information Technology Department at Jawahar Education Society's Institute of Technology, Management and Research, Nashik (JIT Nashik). This event is organized by department of Information Technology and is scheduled for 09th January 2024, at 02:00 p.m., on the occasion of **Data Privacy Day.**

JIT Nashik offers Bachelor's degrees in various engineering disciplines, including Civil, Mechanical, Electrical, Computer, Artificial Intelligence & Data Science, Information Technology, and Electronics & Computer Engineering.

Your insights and experience in the Cyber Security landscape would be invaluable to our students, who are eager to learn about the opportunities and challenges in this dynamic field.

Please let us know if you are available on the proposed date, or other convenient date and time.

Thank you for considering our invitation.

Warm regards,

Hello Sir,

I hope this email finds you well.

We are pleased to express our interest in conducting a campus drive at Jawahar Education Society's Institute of Technology, Management & Research, Nashik for the academic year 2024-25, just like in previous years.

It has always been a great experience collaborating with your institution and interacting with the talented students from your esteemed college.

We would be delighted to continue this activity under our MoU and provide your students with exciting career opportunities through our campus drive.

We can schedule this drive on 27th of Sept 2024 at your campus.

For your reference I am sharing the detailed JD.

Thank you for your continued support, and we look forward to working together again.

This Memorandum of Understanding ("MOU") is effective from the date of signatures below ("Effective Date"); hereinafter, each a "Party" or together, "the Parties". **EduSkills** will be referred as 'First party' and **Jawahar Education Society's Institute of Technology, Management & Research, Nashik** will be referred as 'Second party'.

The Parties have been discussing a proposed collaboration in the area of **"Skill Development, IT Education and Workforce Development Programs"** ("Collaboration Areas").

Now the Parties agree as follows:

A. NON-BINDING TERMS.

The Parties understand that MOU is intended only to summarize the current understanding of the parties with respect to the principal terms of the proposed collaboration.

The Parties understand that this **MOU** is intended only to summarize the current understanding of the Parties with respect to the Collaboration Areas and to facilitate their further discussions regarding certain objectives of the proposed partnership, as more fully described in Exhibit A, which are non-binding on the Parties. The terms and objectives set forth in Exhibit A shall be used for discussion purposes only and shall not be deemed to create any rights or obligations for or on behalf of any Party.

B. BINDING TERMS

The Parties hereby acknowledge and agree that the following subsections under this Section B (Binding Terms) shall be binding and create legal rights and obligations on the Parties.

1. Confidentiality

In this MOU "Confidential Information" means any information or data, irrespective of the form and nature thereof, that is material to the Party disclosing such information ("Discloser") to the other Party ("Recipient"), including, but not limited to technical know-how, specifications, designs, models, software, techniques, drawings, processes, as well as industrial and intellectual property rights, business information, trade secrets, customer lists, financial information, process, costs, sales and marketing plans, information posted on their respective websites or any other information with the Recipient knows or reasonably ought to know is confidential, proprietary or trade secret information of the Discloser.

The Recipient shall at all times, both during the term of this MOU and for a period of at least three (3) years after its expiration or termination, keep in trust and confidence all such Confidential Information, and shall not use such Confidential Information other than for the purpose of fulfilling its obligations under this MOU, nor shall the Recipient disclose any such Confidential Information to any third party without the Disclosing Party's prior written consent. Upon termination of this MOU or written request from the Discloser, the Recipient shall, within fifteen (15) days from such termination or request, return all Confidential Information and any and all copies thereof to the Discloser, or at the Discloser's option, destroy the Confidential Information and any and all copies thereof, and certify such destruction

The obligations of confidentiality set forth herein shall not apply to information which;

a. Was rightfully in possession of or known to the Recipient without any obligation of confidentiality prior to receiving it from the Discloser;
b. Is, or subsequently becomes, legally and publicly available without breach of this MOU;
c. Is rightfully obtained by the Recipient from a source other than the Discloser, without any obligation of confidentiality; or
d. Is developed by or for the Recipient without use of the Confidential Information.

The Recipient may only disclose Confidential Information pursuant to a valid order issued by a court or governmental agency, provided that the Recipient provides the Discloser

a. Prior written notice of such obligation; and
b. The opportunity to oppose such disclosure or obtain a protective order.

The Confidential Information shall remain the property of the Discloser and no license to any existing or future intellectual property rights or Confidential Information is granted or implied under this MOU.

DocuSigned by:

DocuSign Envelope ID: 42604C9D-27A7-4D8C-9FD8-70B51F56DD95

All Confidential Information is provided "AS IS". The Discloser shall not be liable for any inaccuracy or completeness of the Confidential Information, nor are there any express or implied representations or warranties by either party to the other, including with respect to the infringement of any intellectual property rights or any right of privacy, or any rights of third persons.

2. Scope

The scope of this MOU does not cover any development work, testing, licensing, distribution, support, sales, or maintenance. Should the Parties decide to pursue such matter that is outside the scope of this MOU, the Parties shall enter into a development, license, distribution, or other appropriate written agreement(s) accordingly.

3. Publicity

The Parties hereby agree that no press release or other public announcements regarding this MOU or any agreements contemplated thereby shall be made without prior review and written agreement signed by a duly authorized representative of the other Party.

4. Term and Termination

The Parties agree that this MOU shall be effective as of the Effective Date and shall continue in effect until the earliest occurrence of one of the following: (1) the execution of a definitive MOU or definitive agreement relating to the scope of this MOU; (2) written notice by one Party to the other of termination of this MOU; or **thirty-six (36) months** from the Effective Date of this MOU. Section B (including all subsections) shall survive any termination of this MOU. Upon expiry of the Term, it is the intention of the Parties to further progress the solutions initiated under this MOU towards overall achievement of the objectives and outcomes contemplated herein. Second party shall, to this extent, endeavor to continue maintaining and promoting such solutions and projects to further the objectives set forth in the MOU.

5. Limitation of Liability

Except for liability relating to either Party's breach of the other Party's confidential information or intellectual property rights, in no event shall either Party be liable to the other Party for any direct, indirect, incidental, special, punitive or consequential damages or loss of profits, lost revenue or loss of data.

Notwithstanding the foregoing, nothing in this MOU shall limit the Parties liability for bodily injury or death caused by its negligence or its liability in the tort of deceit.

6. Intellectual property rights

Each Party will retain the exclusive rights, title and ownership of all its pre-existing Intellectual Property, Confidential Information and materials (including, without limitation, proprietary ideas, sketches, diagrams, text, know-how, concepts, proofs of concepts, artwork, software, algorithms, methods, processes, identifier codes or other technology) owned or developed by such Party.

7. Governing laws and jurisdiction

The Parties shall make efforts in good faith to amicably resolve all disputes as may arise out of or in connection with this MOU. This MOU shall be subject to and governed by the laws of India and the Indian courts shall have exclusive jurisdiction over any claim arising under this **MOU**. Notwithstanding the foregoing, either Party may seek interim injunctive relief in any court of appropriate jurisdiction with respect to any alleged breach of such Party's intellectual property or proprietary rights.

8. Costs

Unless otherwise agreed upon in writing, each Party shall bear its own costs and expenses arising in connection with this MOU and the possible negotiations, completion and implementation of definitive Agreements if any, including but not limited to costs of experts, consultants, lawyers and travel expenses.

9. Amendment

DocuSigned by:

DocuSign Envelope ID: 42604C9D-27A7-4D8C-9FD8-70B51F56DD95

This MOU may be amended at any time by the mutual written assent of the Parties.

10. Severability

Should any portion of this MOU be determined to be illegal or unenforceable, the remainder of the MOU shall continue in full force and effect, and either party may renegotiate the terms affected by the severance.

IN WITNESS WHEREOF, the parties hereto have executed this **MOU** by persons duly authorized as of the date and year first above written.

YOUR PATHWAY TO GLOBAL EDUCATION SUCCESS.

PRIME Study Abroad

To,

The principal,
Jawahar Education Society's,
Institute of Technology, Management and Research,
Nashik.

Dear Sir,

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) is entered into on this 1st July 2024, between Jawahar Institute Of Technology, Nashik. here in after referred to as the "JIT College," and Prime Study Abroad, here in after referred to as "Prime."

1. BACKGROUND:

The College, recognized for its commitment to global education, seeks to provide students with diverse opportunities for academic and personal growth. Prime Study Abroad, a specialized organization, is dedicated to facilitating study abroad programs, career counseling, and holistic professional development.

2. OBJECTIVES:

The primary objectives of this collaboration are outlined as follows:

a. To offer students in-depth insights into global study and career opportunities.
b. To enhance students' multifaceted skills through specialized workshops and interactive sessions.
c. To provide personalized counseling and support for students aspiring to pursue higher education abroad.

3. GUEST LECTURES:

This collaboration anticipates organizing approximately five guest lectures annually, with the specific dates to be mutually agreed upon. The College shall actively prepare for these sessions, ensuring an environment conducive to learning. It is expected that the College encourages student attendance at these lectures.

Prime Study Abroad commits to providing expert-led guest lectures on the following topics:

a. Study Abroad Opportunities: Covering diverse programs, scholarships, and comprehensive application processes.
b. Abroad Work Opportunities: Delving into potential career prospects and internship opportunities abroad.
c. Goal Setting: Empowering students with the tools to set and achieve academic and career objectives.
d. Investing in Your Future: Comprehensive discussions on financial planning, scholarship avenues, and long-term career strategies.
e. Cultural Sensitivity and Global Citizenship: Preparing students for nuanced cross-cultural experiences.

The distinguished panel of speakers, including Mrs. Kanchan Suyash Bhore, Mrs. Kiran Sushant Kulthe, and other subject matter experts, will deliver these lectures.

4. SESSIONS AND WORKSHOPS:

Throughout the academic year, Prime Study Abroad will organize a series of specialized sessions and workshops, including but not limited to:

a. Communication Skill Development: Focusing on effective verbal and written communication strategies.
b. Interview Skill Development: Providing students with practical techniques for successful interviews, including mock interview sessions.
c. Resume Building and Professional Etiquette: Guiding students in crafting impactful resumes and navigating professional environments.
d. Cross-Cultural Competence: Enhancing students' awareness and understanding of diverse cultural norms.
e. Time and Stress Management: Equipping students with tools and strategies for effective time management and stress reduction.

These sessions aim to prepare students for academic excellence and success in their future careers.

5. COUNSELLING DESK:

Prime Study Abroad will establish a dedicated counseling desk at the College premises on a monthly basis. During these sessions, Prime consultants will provide comprehensive assistance to students with:

a. Study Abroad Applications: Guiding students through the intricacies of the application process.
b. Document Verification: Ensuring accuracy and completeness in all study abroad documentation.
c. Visa Procedures: Offering step-by-step guidance on visa application processes.
d. Financial Aid and Scholarships: Assisting students in identifying and applying for various financial aid opportunities.
e. General Study Abroad Queries: Addressing miscellaneous questions related to studying abroad.

6. SCHOLARSHIPS AND SUPPORT:

Prime Study Abroad may explore opportunities to provide scholarships or financial support to deserving JIT's College students, subject to mutual agreement.

7. NO MONETARY CONSIDERATIONS:

Prime Study Abroad acknowledges the generous support of JIT and declares that it will not seek any monetary compensation or fees from Jawaharlal Institute Of technology for the exclusive rights and services provided under this collaboration.

8. FREE SESSIONS AND WORKSHOPS:

Prime Study Abroad, in its commitment to the holistic development of JIT's students, undertakes to conduct free sessions, workshops, communication skills training, and other skill development activities. These initiatives aim to enhance the overall preparedness and global competitiveness of JITs students.

9. RESPONSIBILITIES:

a. JITs Responsibilities:
- Facilitate and support Prime Study Abroad in organizing seminars, counseling sessions, and student recruitment activities.
- Collaborate in promoting and endorsing study abroad opportunities to JIT's students through various communication channels.
- Provide necessary infrastructure and logistical support for the successful execution of activities outlined in this MOU.

b. Prime Study Abroad's Responsibilities:
- Conduct exclusive seminars and counseling sessions at JIT, ensuring comprehensive guidance for students.
- Facilitate the recruitment process for students aspiring to study abroad, ensuring a smooth transition.
- Provide free sessions, workshops, and skill development activities for JIT's students, contributing to their overall personal and professional growth.
- Offer periodic updates and reports to JIT regarding the progress and outcomes of the collaboration.

10. DURATION AND REVIEW:

This MOU shall be effective from the date of signing and will remain in force for three academic years unless terminated earlier by mutual agreement. An annual review will be conducted to assess the effectiveness of the collaboration, with adjustments made as necessary to meet evolving needs.

11. AMENDMENTS:

Any amendments or modifications to this MoU must be made in writing and signed by both parties, ensuring transparency and mutual agreement.

12. TERMINATION:

Either party may terminate this MOU with 30 days' written notice. Termination will not affect ongoing commitments and activities, fostering a collaborative and respectful conclusion.

IN WITNESS WHERE OF, the parties hereto have executed this detailed Memorandum of Understanding as of the date first above written.

The partners have entered into this MoU because they:

- ✓ **RECOGNIZE** the mutual interest is in Internship Program, development and dissemination of knowledge.
- ✓ **RECOGNIZE** the importance of Internship for engineering students.
- ✓ **RECOGNIZE** the importance of the Industry Partner within its field of expertise.
- ✓ **RECOGNIZE** internship, keep the students informed about latest industrial trends.

This MoU will enable the parties to:

- ➢ Foster technical education at engineering level to make the engineering student, industry ready.
- ➢ Under the MOU, the industries would take engineering graduates as interns for project training and involve them in innovation and consultancy services for the benefit of the industries,
- ➢ **STRENGTHEN** the theoretical knowledge in industrial practices. An exposure to industrial environment brings about attitudinal change in the students by inculcating managerial principles which cannot be effectively imparted through classroom or laboratory inputs.
- ➢ **PROVIDE** exposure in tackling live problems that occur in the working of an individual entity after completion of 5th, 7th and 8th Semester of Computer engineering students.
- ➢ Will make all the necessary resources (internships, free applications, counselling, and guidance) available to students registered through this partnership.
- ➢ This **MoU** is signed only in the interest of helping & guiding the College students in Training & development activities & Sunanda Infotech Pvt. Ltd. will not responsible for any other act of the student of whatsoever kind.

Dear Sir,
We believe that a partnership between CSI and the conference could be mutually beneficial and contribute significantly to the event's success.
We are requesting to use the CSI logo on publicity media without any financial support.
As per discussion with Mr Kharkhanis Sir, Can we take the CSI logo from him to add in our conference brochure?

Waiting for your reply.
Thanks & Regards

MESSAGE FROM CHIEF PATRON

Dear Organizers and Participants,

Greetings to you all!

We applaud the hard work made by the institute, for a wonderful and stimulating national conference. The Conference is very well organized, both logistically and in terms of its contents. The broad spectrum of themes listed for discussions conveys its intellectual integrity.

International conference on "**Emerging Trends in Engineering and Sciences**" speaks of the use of new research, and innovations to focus more on recent developments. This conference is a platform for all the professors, researchers, and students to share their ideas and innovations with the outside world. Science and Technology is an area where innovation is taking place every day, and every innovation changes the market trend and the global economy.

We appreciate and acknowledge the efforts of the institute who left no stone unturned to make this conference a success. A special mention of the tireless efforts of the Conference chair, Conference Convener and organizing committee of the conference who made the conference see the light of day. All the staff and students of the institute deserve our appreciation for their coordinated effort to make this conference a success. I do congratulate the authors of the research articles submitted for the conference/proceedings.

We are impressed with the most productive, well-planned conference which would be memorable and successful.

Our best wishes to all the stakeholders!

President / Secretary

Jawahar Education Society

MESSAGE FROM CONFERENCE CHAIR

The International Conference on Emerging Trends in Engineering and Sciences (ICETES-2025) aims to create a common platform for students, academicians, researchers, developers, and practitioners to discuss and present various research initiatives, outcomes, and experiences. A conference platform is not only to learn new aspects, other perspectives, and the latest information but also a good way of networking.

The papers being presented have been selected based on blind reviews and are of very high standards. An opportunity has been provided for research scholars to discuss their problems and an achievement with senior researchers is a welcome gesture. I am sure the conference has all the ingredients researchers look for in a conference and this conference will provide a new perspective to the researchers. A conference serves its purpose when the delegates get good opportunity to network for further research. I am very happy to state that being the First international conference (ICETES-2025) provides a platform for such an exchange of information.

The various technical and non-technical committees have put in admirable effort in making the conference a memorable one for all the delegates. I take this opportunity to congratulate all the delegates for their participation and contribution.

My best wishes to all the stakeholders!

Dr. M. V. Bhatkar

Conference Chair

MESSAGE FROM CONVENER

It is my great pleasure and honor to welcome everyone to the 1st International Conference on Emerging Trends in Engineering and Sciences (ICETES-2025). It brings together all researchers and practitioners from academia and industry to discuss foundations, techniques, and tools for automated analysis, design, implementation, testing, and maintenance of software systems.

This publication contains the proceedings of the conference, which was held at the institute on 7th - 8th February in Nashik. The conference featured keynotes, presentations, experiences, and discussions.

For the technical research track, we have received an overwhelming response for the number of submissions, of these few have been desk-rejected, while remaining considered for the final reviewing process.

As a highlight, ICETES-25 attracted internationally and nationally renowned keynote speakers, whose talks feature a quite diverse set of topics.

I would like to thank all the sessions' chairs, as well as the paper presenters and the attendees. Numerous organizing committee members have helped in various ways to make the event a success.

Last but not least, I would like to thank our Management and Principal for their faith and providing various kinds of support for the organizing the conference.

Mrs. G. P. Mohole

Convener

MEMORANDUM OF UNDERSTANDING

This MEMORANDUM OF UNDERSTANDING (MoU) is entered on 20th November 2024.

Between

HOPE Foundation, Hadapsar, Pune.

And

Jawahar Education Society's Institute of Technology Management and Research Nashik.

HOPE Foundation and Jawahar Education Society's Institute of Technology Management & Research are also refer to individually as 'First Party' and 'Second Party' respectively and collectively as "parties".

Article 1. Objective Of MoU.

Some broad goals of this MoU are

- Students will learn AI Python skills
- Students should made be aware of the carrier options for them.
- Improving student soft skills, interpersonal skills.
- Conducting group discussion and activities for improvement of skill of students.
- Introducing business skills in students for entrepreneurship development.

Article 2. Activities involved

- 45 min Sessions on AI Python
- 20 min session on soft skills and life skills

Article 3. Role of First Party

- HOPE Foundation will provide advanced IT training (AI Python) , English, and life skills. The training curriculum includes theoretical sessions, assignments, case studies, projects, documentation, and practices.
- This project is for the Girl Students who completed graduation (Engineering in IT, CS, B.Sc. IT, BCA, MCA, BE, B.Tech). **The AI school is exclusively for girls.**
- HOPE Foundation, Pune will Conduct seminar related to topics mentioned in the objective at their centre which is located at Opposite Noble Hospital, Behind Tanishq Jewellery Shop, Om House, 3rd Floor, Magarpatta Road, Hadapsar, Pune 411028.
- HOPE Foundation, Pune will provide guidance to students on said topic.

Article 4. Role of Second Party

- To communicate with students who are eligible for this training programme.

Scanned with ACE Scanner

- Inform students time to time about the communication which will be done with HOPE Foundation.

Article 5. Outcomes

This MoU will enable the students.

- Students will be trained in AI Python, Soft skills and life skills
- Achieve high soft skills which develop the personality leadership skills of the students.
